

## **STE Class at Marcel Laurin Woodland**

Dear Parents,

On Tuesday May 13<sup>th</sup>, weather-permitting, my STE (Science and Technology of the Environment) class will be held at the nearby Marcel Laurin Woodland. Students will observe and study local plants and animals to gain a better understanding of biodiversity, and complete a lab activity. Use of a cell phone or tablet or digital camera is required. If a student does not have any of those, a few extra ones will be available. Depending on the STE section your child is in, we will be leaving school either at recess or in the middle of lunch and use the time of the regularly scheduled STE class. No other classes will be affected. For the group participating during last period, students will be dismissed, and we will accompany those who wish to return to LaurenHill Academy.

I give my child \_\_\_\_\_ permission to attend 4<sup>th</sup> period class on Tuesday, May 13<sup>th</sup> at Marcel Laurin Woodland. I understand that my child will be going by walking. But they will be supervised by his teacher and support staff.
