

Bonus Opportunity for Chemistry and STE students

1. What?

Take a 15-minute, 15 question multiple choice test. To get 5% extra on the next test, simply score 80% or more.

2. Where?

Where else, but in 302!

3. When?

At lunch time during the week of the test.

4. Topics on Test

The topics are all related to the courses but not necessarily to recent topics. The answers to all the questions on the test are discussed in recent essays from uvachemistry.com.

5. How to Find the Essays You Need for the Test

On uvachemistry.com scroll down until you see the search box. Then enter these words or phrases, one at a time, and then click on the title to see the whole article.

STE	CHEMISTRY
onions	onions
fertilizer	specific heat
specific heat	campfire
Radioactive age	Snow, chemistry
hydroelectricity	Burglar mystery

Whether or not you gain the bonus marks, you'll learn from the essays, which hopefully you'll find more interesting than a list of notes. They will also serve as a reminder that the concepts of science exist beyond your notebook.
